Edgar Cayce Canada

Edgar Cayce Canada is an International Centre of Edgar Cayce's Association for Research and Enlightenment. The Cayce 'work' has been going on in Canada for over 30 years but by the year 2000 it had blossomed to such a size that incorporation was required and we now have the legal entity, Edgar Cayce Canada. Our mission is: *To encourage exploration and application of the principles in the Edgar Cayce Readings.*

Ann Jaffin will be addressing the following topics throughout the day:

Past Lives and Present Karma

If you've ever wondered: "Why me?" "Why did this have to happen to me?" or even "Why is the world in such a mess?" learning about the great universal laws of reincarnation and karma can help us to answer these questions. Ann will take a comprehensive look at **reincarnation** in the Cayce readings and will also explain what is and what is not karma. She will share many karmic relationship stories and insights.

We have lived many times. We are vast storehouses of memories, talents, and potentials. By tapping into them, we can gain new insights into our present lives, especially **our health and our relationships** with other people.

The Jaffin Family Readings

Ann and Stan Jaffin were stunned to find out that several members of Stan's extended family had Cayce readings! After Sidney Kirkpatrick suggested that ARE members follow-up on families with readings, Ann and Stan identified 20 family readings and 14 more for family friends. They interviewed the living readings recipients and their family members all over the US and even in Europe.

Come and hear the full story of the discovery, research, and conclusions of this fascinating Cayce research project.

Edgar Cayce's Soul Group ... Triumphs & Tragedies

The guidance in the Edgar Cayce past-life readings highlights our **spiritual potential** and exposes our **karmic pitfalls**. We can see ourselves in their counsel to others who struggled with challenges similar to our own and learn from their successes and failures. The readings consistently call forth the best that is within us and urge us to do our work and realize our promise now.

Ann will discuss Edgar Cayce's own readings as well as the readings of those closest to him--Gertrude and Hugh Lynn Cayce and Gladys Davis. These readings are full of surprises. We will see how these special souls "gained" or "lost" as they sought to spiritualize their karma and accomplish their soul's mission.

The Karma of Nations

During the dark years of the Great Depression and World War II, Edgar Cayce gave some of his deepest and most riveting psychic discourses. They are called the World Affairs Readings and are filled with questions about the challenges and turmoil of those decades. Their guidance is universal, profound, and very relevant to our world today.

At present we find our nation in economic chaos and at war. We seek to understand how all this came about and what we, as individuals, can do to help. Cayce's message is always one of hope. But the piercing and humbling wisdom of the Source of this material calls us to shoulder our portion of responsibility while it also helps us to understand the larger and very powerful unseen forces at work.

- Was America fulfilling her destiny?
- What were the roles of Roosevelt and Hitler?
- What spiritual influences came through Cayce?
- What is the Karma of nations including America, Russia, China, England, France and India?

Looking at what the Cayce readings have to say about the great questions of those times helps us understand our own times, and provides insights about **how we may transform our future**.
